Parent & Family Engagement Policy

The *Parent & Family Engagement Policy* explains how the school works with parents to review and improve parent involvement and describes how parents can participate in planning programs for parents.

Parent & Family Engagement

Parent & Family Engagement is extremely important. A strong connection between the home and the school is key for student success. Parents are asked to be actively involved partners in helping their children succeed.

Title I funds are used to support parent & family engagement with

- ✓ Materials, information and help from teachers

Parents' Right To Know

Parents have the right to know the professional qualifications of their child's teachers and assistants. Our district must provide information about professional qualifications in a timely manner.

Federal law allows parents to ask these questions:

- ✓ Is the teacher certified to teach the subjects and/or grade levels the teacher is teaching?
- ✓ Is the teacher's certificate a waiver or substandard certificate?
- ✓ What are the teacher's academic major and graduate degrees?
- ✓ What is the teacher's certification area?
